President's Message:

Education is single most important tool for us to make a civilized and progressive society. On one hand we need to equip ourselves with factual knowledge and technical skills so that we can make technological advancements, cure diseases, produce food and find answers to the question of life and cosmos. On the other hand we also need to inculcate qualities like camaraderie- to work together; kinship- to share our progress and positive outlook to make a just and inclusive society. This is the mission of our trust- we shall always strive to provide education with value system. We seek your support, guidance and participation towards this goal.
